ELECTRIC MOTOR APPROVALPROCEDURE 2018

Dear Madame/Sir

The 2018 IFMAR World Championships for the Electric **ON-ROAD classes, 12th scale (modified)** and **1/10th ISTC** will be held next August in Welkom, South Africa and supported by 1/12th Spec and Formula one. *Spec and F1 motors are regulated by the organization (EFRA and ROAR lists)*

The approval is to ensure that all competitors have equal access to the latest modified class motors, thus ensuring wherever possible, fair racing to decide the World Champion.

IFMAR makes no representation as to the quality or efficiency of the products approved. IFMAR only approves compliance with its rules and by then is never liable for any issues that may occur correlated to IFMAR approved motors.

If your motors are already IFMAR approved, you have no need to seek new approval unless changes have been made. If any parts of an approved motor are changed, the motor must be sent to IFMAR for re-approval.

If you wish to submit new products or products which are changed since their last approval for use at the next Electric Off-road W.C. and future IFMAR W.C. events you must send them for approval **between April 09th and April 24th 2018**. Forms, payment and documents included.

In order to have all reviewed, checked and listed by May 8th the samples, pre-payments and the completed documents must be **in our hands by April 24th**. Any motor, pre-payment or form received after closing date (whatever the reason) will result in non-approval.

The IFMAR Electric Section looks forward to receiving your products for approval.

Sincerely
Frank Mostrey
Electric Chairman, IFMAR

PLEASE READ THIS FIRST

Any manufacturer, distributor, agent or retailer may submit products for approval. Providing the products meet all the specifications and requirements of the IFMAR rules in force at the time of approval, are submitted by the closing date and fully meet availability requirements as required by IFMAR.

You are strongly advised to thoroughly study the latest IFMAR world Championship rules and technical specifications for electric motors

For the 2018 WC On-Road – see IFMAR website: <http://www.ifmar.org>

ONLY MODIFIED MOTORS NEED IFMAR APPROVAL

▼ *Be aware that Motors or Rotors not fully complying will be failed without prior notice* ▲

Only IFMAR approved motors may be used in 1/12th mod & ISTC. They must meet all IFMAR specifications and be widely commercially available (at least in 2 continents, preferable in 3 or more) three (3) months prior to the World Championship. Availability must be met by providing addresses at the time of submittal and are subject to spot-checks at these and other retailers.

Submittal period is April 09th to April 24th 2018 only.

* When all fees are paid and upon receipt of the inspection sheet from the appointed engineer confirming that the product meets all technical specifications, and the Chairman is satisfied that all IFMAR availability requirements have been met, the product will be included as an add-on to the existing approved list for use at WC events.

1st: **Make sure** that the motor is fully compliant to all IFMAR rules. You need 6 fully build samples

Prepare two sets: A & B:

- Set A:**
- The original completed approval form
 - List of distributors, retailers preferably in at least 3 continents
 - Three (3) motors (build/ready to run) plus **LIST** of alternate rotors and their unique part number.

Sent **at no cost** for receiver to:

IFMAR Electric Chairman

Frank Mostrey
Tenierslaan 28
B 1910 Kampenhout
Belgium

Phone: +32 476 555 308

(Documents for set A may be sent by Email: electric.chairman@ifmar.org)

- Set B:**
- A copy of the completed approval form
 - Three (3) motors (build /ready to run) **plus samples of all alternate rotors & part number**

Sent **at no cost** for receiver to:

WTS/ P. Worsley

23 Prince Rupert Road
Stourport On Severn
Worcestershire DY13 0AS
United Kingdom

(beware: DY13 **zero**AS)

C: Approval and handling fee:

- Effect a **pre-payment of 200 USD** (at no cost for beneficiary) per presented motor into the accounts of IFMAR **BEFORE APRIL 24th 2018**.

IFMAR, International bank Account IBAN: **SE48 6000 0000 0000 4310 9969**

Swift: HANDSESS

Handelsbanken BOX 135

60103 Norrkoping

Sweden

(**Note:** All financial issues such as invoices must be addressed to the IFMAR general secretary)

Notify by email:

For set A: electric.chairman@ifmar.org

That your products have been send and the handler's tracking number.

For set B: paul.g.worsley@gmail.com

That your products have been send and the handler's tracking number.

Ensure

When shipping samples for approval to indicate: "Samples for testing Only – No Commercial Value". And if deemed necessary mark them as "sample".

Note on value: (Shipments exceeding 19,00 USD per shipment may be subject to customs clearance) if so then this must be settled by shipper: Again: Make sure that the shipment is free of any cost for the receiver and DDP (delivery duty paid).

Deliveries received against payment of any fee by receiver (customs, DDP, handling, declaration costs, VAT etc.) will NOT be accepted.

Complete one separate IFMAR Motor Homologation Form for each motor.: (photocopies accepted).

I hereby declare to be fully mandated to submit these samples for and on behalf of the company and that the above information is correct to the best of my knowledge.

I hereby affirm that at least 200 motors will be widely available in two continents or more at 3 months before the next concerned IFMAR world championships and unconditionally agree that availability may be subject to spot checks .

Submitter accepts that the samples and data submitted will be used as reference to check motors before and at IFMAR World Championships and do grant IFMAR full rights to unconditionally publish images and data of the above products.

As submitter I unconditional agree to reimburse any at all import charges or penalties that may be imposed on IFMAR or its officers, even after delivery of the samples and augmented by a 25USD handling fee.

It is commonly agreed that approvals turning out not to be commercially available in a satisfactory manner or subject or matter to complaints regarding international safety regulations or infringing patents will be withdrawn from the list, even after approval. In such case the submitter shall not make any claim against IFMAR, including IFMAR's representatives, employees, and sub-contractors but shall indemnify these against any legal liability for claims or suits, including costs and expenses incidental thereto provided that IFMAR notifies the submitter of any claims or suits without undue delay.

I Fully agree that the decision to refuse or approve motors is IFMAR's exclusive right and cannot be an issue to any claims and that submitted motors / rotors will not be returned.

Agreed and Signed for and on behalf of:
