TDAC Card

Track

HUGE R/C Circuit is an on-road indoor facility with an asphalt surface. The race track size is 60 x 30 meters. The arched roof is 7 meters high at the sides and 10 meters high in the middle. Suitable for both EP and GP on-road car scales including 1/8, 1/10, 1/12. The 18-meter-long drivers stand ensures adequate space and comfort for every driver.

The roof is made of metal sheeting with 20% transparent material providing adequate natural daylight during the day. Extra lighting is not normally required during the day but with the covered circuit and lighting this ensures an all weather track that can be used to race on into the evening if required with no rain delays.

The Facilities are divided into three main buildings. First building consists with pit area, R/C stores, food / beverage. Second building consists of 8 VIP rooms with air con, 18 meters long driver stand, Time keeper control room, Car inspector area, 4 toilet rooms each male and females and also one bathroom each. And the third building has 7 VIP rooms with air-con.

In the first building, 6 R/C stores are available for all players and visitors who are interested in R/C. There is NO SMOKING in the Pit & Paddock area and also Driver's Stand. Smoking is allowed only outside the building on the smoking areas. The paddock areas is 15x25 meters with tables and chairs. This area can support 150 drivers in case we need more we can put more tables and chairs on the drift track. Air Compressor and water sink for cleaning up your body shell and chassis is also available here.

The second building with 8 VIP rooms is for racers who are interested in renting and who want to sit in cool air either daily, monthly or yearly. The HUGE long driver stand could allow players to choose their perspective to be properly enforced. A 3x4meters car inspector area and same size of time keeper room. Press rooms are additionally within this building.

Third building, 7 big VIP rooms were created for drivers who need a private area separate from race track. We have a couple of air-con room available from now until the event for all racer to rent. Please contact us as soon as possible for reservation.

Car park, we have parking space in front and also lot of space behind the track with a total of more as 1200 square-meter with asphalt/cement surface to park the car. This could be accommodating approximately 100 cars.

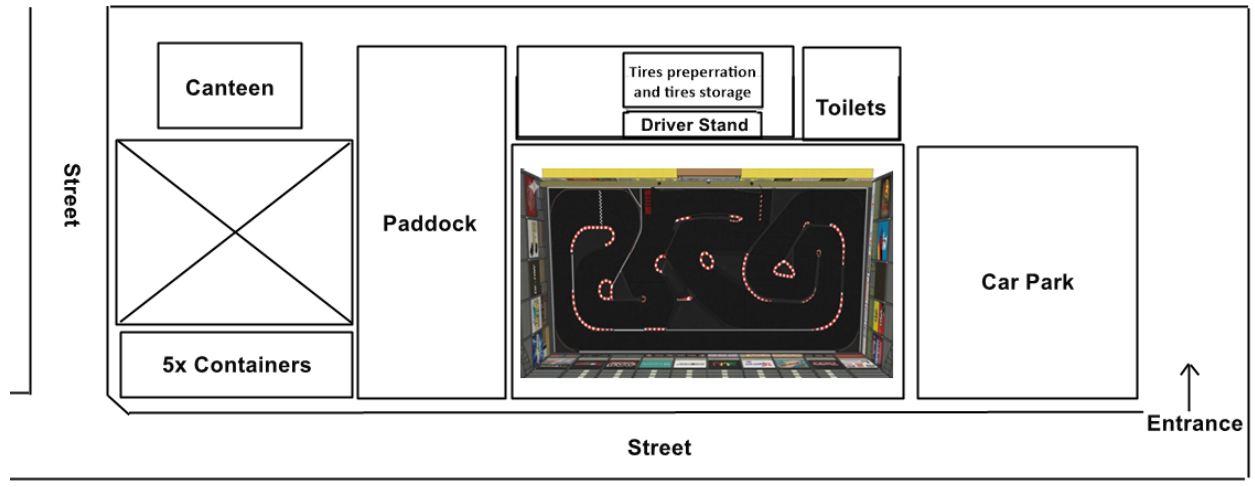

Containers

We are pleased to open reservations for 5 air-conditioned containers, available for teams or groups requiring additional comfort and convenience. Please contact us as soon as possible for reservation.

Facility Map

Food & Beverages

In-House kitchen (Local foods) and International food are available, including drinks and snacks. Starting from the 8th to 14th November. Also available are several apps now in Bangkok where you can order food for delivery at the track, such as Pizza, McDonalds or Japanese food. There is even an app which allows you to pay with your phone locally with a QR code.

Classes

Racing will be separate to 2 classes.

- IFMAR ISTC World Championship Modified
- IFMAR ISTC World Championship Spec Class

Approved Equipment

Race will follow the latest IFMAR Rules. Check the IFMAR webpage for updates on Bodies and Battery / Motor list. Links below are for the lists correct at time of this report

- [Motor list \(13.5T\)](#)
- [Motor list \(Modified\)](#)
- [Battery list:](#)
- [Bodies approval](#)

TRANSMITTERS (Approved Frequencies)

1. All radio-controlling devices shall only use the frequencies permitted in this country.
2. Use of 2.4GHz frequency band is allowed

LAP COUNTING and TRANSPONDERS

Each participant is responsible for attaching a My Laps RC4 compatible transponder to their car during the whole event, including practice.

RCM (Race Control Management) will be used for the event timing and will be available to the media for live timing to the website.

Track timing link: <https://speedhive.mylaps.com/practice/3517>

Media planning and broadband internet access

Live Stream: We will have live stream to our social media channel during the event, such as facebook, youtube and Tiktok.

Controlled tires

Brand and Model: HUDY A2-40 (803068)

HUDY 1/10 TC TIRES - ASPHALT (4)

A maximum of 20 sets of tires can be bought of which 12 sets must be marked for the actual race event (to be used from controlled practice until the finals)
Tires must be paid on registration.

All Tires, including those for the IPD need to be ordered by email (E-mail: surikarn@hotmail.com and paid upon arrival at the track.

All payments are to be in local currency (Thai baht). There will be a possibility to pay with credit cards. Drivers and/or companies that want to have an invoice for their tire payments need to inform the organizer in time (name and address on the invoice) so we can prepare the necessary paperwork.

Tires cleaner and Tires Additive:

Mighty Gripper V3 Yellow is the controlled additive.

Along with ICHINEN break cleaner which is the controlled tire cleaner for this event.

Both items provide in tire preparation area.

Tire warmers are available in tire preparation area from control practice. Drivers required your own tire warmer during practice.

Other information

Each contestant will be allocated pit tables (approx. 60x120cms.) chairs and AC 220v available. It is necessary to bring your own connectors and 12V DC power supply. Please note: That the space is limited for driver, should you have an extra mechanic kindly use same area allocated to the driver. In Thailand, [types C](#) and [O](#) are the official standards for plug and sockets.

Price approximately 2,300 Thai Baht / night

Shopping, Dining, Entertainment

Paradise Park (Big Shopping Mall) - 7.4 Kilometre from Track.

Seacon Square (Big Shopping Mall) - 7.6 Kilometre from track.

MEGA Bangna (Really Big Shopping Mall) - 13.9 Kilometre from track.

Payments

We recommend the use of Foreign Travel Cards to enable cashless payment when in Thailand.

Two good options are KBank “Pay and Tour” or TAGTHAI “Easy Pay”

PAY & TOUR is a prepaid card and e-Wallet for foreign tourists visiting Thailand. You can enjoy using the service to pay for shopping, food, tourist attractions, etc. You can apply, exchange money and top-up the PAY & TOUR prepaid card at any KASIKORNBANK foreign exchange booth

[KBank Pay & TOUR](#) and alternative options is [TAGTHAI Easy Pay](#) -

Cash payments in 7-eleven and taxies.

Although a big majority of shops accept electronic payments by means of a barcode, shops like 7-Eleven (has an independent system for members) and taxis will ask for cash.

Only use meter taxi and make sure he is running the meter, otherwise grab.

All official taxi's have a meter. However not all taxi's use or switch on the meter and hope to negotiate a better fare rate. Always insist on using the meter or make sure you have a price negotiated. Another possibility is using Grab; the fare is fixed and visible in the App if you enter your destination.

Sight seeing Bangkok

BEST THINGS TO DO TOURS!

We hope that we will see you all in Bangkok very soon!
