4. LOSTALLO AND TOURISM

Lostallo is a small village with almost every convenience. Virtually everything can be found in the valley, from the construction company to the butcher's shop, from the pizzeria to the hotel with restaurant. Its strategic location places it approx. 10 minutes' drive from many shopping centres, hotels, restaurants, museums, tourist attractions and much more.

Heading southwards, it takes 10 minutes to reach the Bellinzona region, which offers a variety of entertainment options and places to visit, such as the world-famous 'castles of Bellinzona', which have long been recognised by UNESCO (https://www.bellinzonaevalli.ch/en/discover/castles.html) .

Castle of Montebello

Castle of Sasso Corbaro

Continuing southwards for another 20 minutes you can easily reach the Lugano and Locarno region by motorway. Here, too, there is no shortage of choices for an evening with friends in a breathtaking setting, and why not, perhaps a nice after-dinner boat ride on Lugano or Locarno lake... (Lugano region | Lugano Region) .

Casinò of Lugano

Locarno lake

Locarno Piazza Grande

If, on the other hand, we head northwards from Lostallo for about 15 minutes, the tourist area known as 'San Bernardino' comes into view. There are various possibilities for excursions, trips, sports and much more. (San Bernardino | Moesano (visit-moesano.ch)

In short, even though at first glance Lostallo might appear to be 'only' a small village, the possibilities are nonetheless many and will certainly satisfy the various needs of those who, in addition to the race, want to enjoy the region to the full.
